

Pesticide Use During _____
(Calendar year)

Date: _____

School or School District: _____

Pesticides* used (brand name and EPA registration number)	Active ingredients (Attach product labels, if possible)	Target pest	Area of school or school ground treated	Size of area treated (sq. ft.)	Frequency of application to that area	Total amount of pesticide applied in year

* Note: "Pesticides" include insecticides, herbicides (weed-killers), fungicides, rodenticides, wood preservatives, moss-killers, soil sterilants, repellants, certain baits and lures, disinfectants, and other products licensed to kill, control or repel living organisms. For the purposes of this survey, do not include disinfectants or cleaning agents used by the school.
